WHO WE ARE:

Dealer Supply Network, also known as DSN Supply, is a United States of America based family owned and operated wholesale warehouse for distributions sales only located in Melbourne, Florida.

Over the last three decades, DSN supply has grown into one of the south-east top-ranking wholesale suppliers for the industry's most on-demand products AND we are still growing through our hard-work and humility. In 2021, Isaiah and Amber Johnson proudly joined the DSN Team as the new owner's and 2nd generation natives!

- Sincerely, Isaiah & Amber Johnson

OUR VISION:

To be the one stop source for quality construction products!

OUR MISSION:

We strive to satisfy customers and build long term relationships with knowledgeable service while providing quality construction products.

OUR PROMISE:

- Grow our company through hard work, honesty, and loyalty.
- Provide friendly, respectful, prompt, and well-trained service.
- Offer reliable, easy-to-use products that stay well stocked.
- Enjoy the journey every step of the way.

QUALITY:

Unparalleled quality products is our focused goal as the majority of our stocked products are made in the USA! ONLY THE BEST, NOTHING LESS! SUPPORT AMERICA!

CORE PRODUCTS:

- Mason Line
- Marking Paint
- Fall Protection
- CF Hard Hats
- PPE
- Floatation Devices
- Levels
- Tapes
- Caution Tape
- Metal & Concrete Drilling
- Steel, Concrete & Wood Blades
- AND MUCH MUCH MORE!!!

Together, our team continues to push forward with modern innovations, delivering the latest products directly to storefronts across the Southeastern United States.

We sincerely thank you for your continued trust and support, it drives everything we do.

Address: 2915 Bush Drive,
Melbourne, FL 32935

- Twisted mason twine has a tremendous breaking strength for a small twine.
- Excellent resistance to rot, abrasion, mildew, marine growth, petroleum products, and most chemicals.
- Many uses include fishing line, net repair, plumb line, chalk line, and duck decoy line.
- COLORS include florescent orange, florescent green, florescent pink, florescent yellow, and white.

BRAIDED TWINE

SKU	SIZE	LENGTH	COLOR	QTY
1218FGB12	1/2 lb.	500'	Flo-Green	12 pack
1218FOB12	1/2 lb.	500'	Flo-Orange	12 pack
1218FPB12	1/2 lb.	500'	Flo-Pink	12 pack
1218WHB12	1/2 lb.	500'	White	12 pack
1218FYB12	1/2 lb.	500'	Flo-Yellow	12 pack
118FGB12	1 lb.	1000'	Flo-Green	12 pack
118FOB12	1 lb.	1000'	Flo-Orange	12 pack
118FPB12	1 lb.	1000'	Flo-Pink	12 pack
118WHB12	1 lb.	1000'	White	12 pack
118FYB12	1 lb.	1000'	Flo-Yellow	12 pack

- Braided mason twine is a very strong, abrasion resistant cord.
- Tremendous breaking strength for a small twine and is superior to twisted twine for holding knots.
- Comes in florescent orange, florescent green, florescent pink, florescent yellow, and white COLORS.

- Premium bonded/braided mason line is the highest quality for all your line needs.
- The braiding process creates extra elasticity reducing sagging, making it perfect for laying out even rows of brick.
- Florescent colors with salt-and-pepper coloring mixed in are highly visible on the jobsite.
- Bonded for better knot holding.

FORGED CARBON DAX

FEATURING Mips® safety system

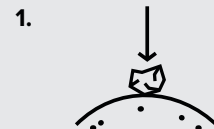

Experience ultimate safety and comfort with the Forged Carbon DAX Hard Hat. Crafted with a forged carbon shell, it's 25% lighter for reduced fatigue. The MIPS® safety system reduces rotational force, offering unmatched protection. The LUX Suspension System ensures a secure fit. Gear up for durability, innovation, and peace of mind on the job.

- **Forged Carbon Shell** – Unique carbon fiber layup techniques make each hard hat a one-of-a-kind design that is also 25% lighter than the original DAX carbon fiber hard hat.
- **Mips® safety system** – Providing exceptional protection, The Mips® safety system features a low-friction layer inside a safety helmet or hardhat that allows a multi-directional movement of 10-15mm on certain angled impacts, intended to help reduce rotational force to the head.
- **Moisture-Wicking Brow Pad** – Crafted from synthetic plush padding, this innovative design ensures day-long comfort while effectively preventing sweat from dripping into your eyes.
- **Retention System** – Using our uniquely designed LUX Suspension System to provide better retention. The ratcheting fitment dial allows for rapid head size adjustment and is easy to grip and manipulate with gloves on. The ratcheting system lies on the occipital lobe, providing stability and comfort.
- **Brim Grip** – A staple feature on all our premium hard hats is designed to provide a better grip.
- **Certifications** – ANSI, TPYE I, CLASS C / EN 327, Hard hat shell has been tested to radiant heat loads producing temperatures up to, but not exceeding, 350° F (177° C), Using this hard hat with a chin strap does not meet ANSI, Type II certification.

HHL-CF-FORGED MATTE	GLOSS

How Mips® safety system works with LIFT industrial safety hard hats & helmets.

CENTER CROWN

Industrial helmets are typically designed for centered crown impacts, but most impacts are off-centered or angled which can cause rotational motion to the head.

OFF-CENTER

The Low Friction Layer is intended to help reduce the rotational motion to the head in certain off-centered or angled impacts.

FALL

The rotational motion can cause brain injuries.

DAX FULL BRIM CARBON

- **Shell:** Full brim design constructed with lightweight carbon fiber reinforced resin for superior impact protection and durability.
- **Internal Liner:** Engineered with a six-point suspension system that distributes impact forces evenly across multiple contact points for enhanced safety and comfort.
- **Padding:** Features a perforated Clarino® synthetic leather comfort dome paired with a molded EVA foam insert, delivering added shock absorption at the crown of the head.
- **Retention System:** Outfitted with the LUX Suspension & Retention System for a secure, custom fit that stays comfortable through extended wear.
- **Fitment Dial:** Oversized ratcheting dial is easy to adjust—barehanded or with gloves—ensuring quick, precise sizing on the job.
- **Brim Grip:** Our signature design element offers a better grip when handling or carrying the hard hat, even in wet or dirty conditions.
- **Brow Pad:** Crafted from durable synthetic leather for superior moisture control and sweat absorption compared to standard liners.
- **Heat Rating:** Rated for radiant heat exposure up to 350°F (177°C), making it ideal for use in high-heat environments.
- **Certifications:** Meets ANSI Z89.1-2014 requirements for Type 1, Class C protection and EN 397 industrial safety standards.

RADIX FB

SAFETY HELMET

FULL BRIM TYPE 2 HEAD PROTECTION

The **RADIX Full Brim Safety Helmet with Twiceme** isn't just another hard hat—it's a performance-driven essential built for pros who demand more. Whether you're working at height or on the ground, this helmet adapts to you. It's engineered for comfort, dialed for safety, and designed to keep you cool under pressure. With a fully modular design that lets you gear up with lighting, comms, and hearing protection, RADIX isn't just protective gear—it's your mission-ready headgear.

TYPE 2 HEAD PROTECTION

The **RADIX Safety Helmet** is comfortable thanks to its four-point LUX Suspension system, which guarantees the helmet fits securely on the head. The unventilated outer shell protects against electrical hazards, molten metal splash, and flames. With its potential for integrating an Arclite headlamp, LIFT hearing protection, and multiple accessories, it is an entirely modular helmet, thus meeting the specific needs of multiple industries.
